The Road Less Traveled: The Journey Toward Fidelity for an Evolving Child Welfare Practice Model

Observation Point
The Fidelity Assessment Protocol includes Direct Observation by a team that includes an agency coach and a community and tribal partner.

VISTA LOOK OUT
Looking ahead toward refining the practice model and implementation supports to achieve our desired outcomes.

Children at Play
Improved child safety and well-being and a reduction in long term foster care.

Unpaved Road Ahead
CAPP Fidelity Assessment processes are being designed with community and Tribal partners - together we are working to develop a precise, valid, reliable measurement.

CAPP Practice Model was inspired by and co-created with community and Tribal partners, to address practice and system barriers. It supports interactions with children and families that Lean In, Lift Up, and Connect to Culture.

Proven interventions must be consistently and systematically implemented as intended for outcomes for children and families to improve.
