

Domestic Violence and Linkages
Learning Objectives

1. Understand the definitions, signs, symptoms and cultural and family dynamics of spousal/partner abuse
2. Learn the effects of spousal/partner abuse on children and families involved in child welfare services in strength-based educational language
3. Accurately identify problem areas for families involved in child welfare services where spousal/partner abuse is a factor
4. Be able to perform ongoing assessment of spousal/partner abuse and its impact on both children and parents
5. Better understand the Linkages Program in general and as it applies to families experiencing domestic violence
